The ancient Egyptians took great care in preserving the remains of their dead, building magnificent tombs and offering them eternal life in the afterlife. The Sib will fight to protect a 4,000-year-old burial site, one of the most important prehistoric burial sites in the Americas. The site is located near the city of Sib, in the state of Arizona. The site was discovered by archaeologists while conducting a survey of the area in 2012. The site contains a large number of burials, including a child and several adults, as well as artifacts and grave goods.
